### PROJECT EXPERIENCE

---

#### Your Pet, [GitHub link](#) [JS, React, Node.js, MongoDB]

A website with a responsive layout. Role: full-stack developer. Created backend part of app (models controllers and correspondve things of notice and pet). Besides, I made Our Friends page component.

#### News, [GitHub link](#) [HTML, SASS, JS, REST API, AJAX, Axios, Parcel]

A website with a responsive layout that provides news (from Times Newswire API). You can find news by keyword, category and date; add any news to favorites and find news which was read on the separate page; change theme

#### Wallet, [GitHub link](#) [SASS, JS, React, Redux, Axios, Styled Components]

An app that helps you manage your finance with a responsive layout. Role: Developer. Loader, navigation, redux logic for finances, delete button

### WORK EXPERIENCE

---

#### **Judge`s assistant (August 2021 - July 2022)**

- monitoring the relevance court`s practice
- drawing up drafts of court decisions and other procedural documents
- during my work the number of annulled court decision did not exceed 7%

#### **Court Clerk (March 2019 - August 2021)**

- recording of court proceedings, drawing up drafts of procedural documents, sending correspondence
- optimised the sending correspondence, thereby speeding up the process and reducing man/hours
- received encouragement (with a mark in the work book)

### EDUCATION

---

#### **Golt courses, 2022-2023**

Fullstack Developer

#### **Yaroslav Mudryi National Law University, 2013-2019**

Master of Law
